The management has felt a persisting drawback of good educational Facilities for both boys and girls to fulfill this gap, a bold project of Setting up and gradually developing an educational complex was epitomized by our visionary founder. Director's Message

"If a plant is carefully nurtured by a gardener, it will become good, and produce better fruits. Therefore children must be given a good training from their earliest childhood, This is what we at D.N. MEMORIAL are striving to do, our role is identical to that of gardener and we strive to perform this role to the best of our ability by nurturing these feeds at school so that they bear the best Fruits" in the year to come. The school works toward inculcating certain value in the students in order to enrich their mind and spirit and also to develop essential moral attributes like Truthfulness, courtesy, generosity, compassion, justice, love and trustworthiness in them. The students are taught to study in an atmosphere of love and unity where each student sees himself or herself as a member of one global family, free from the prejudice of ethnicities, nationalities, class and religious Dogmas.
